mini PROMO1

Are you looking for a stand that will guarantee you more than the classic display wall, and at the same time do you want your exhibition system to combine functionality with eye-catching design? If so, we have a ready solution for you - Mini Promo1. The basic version of our system works great as a promotional and informational point. Mini Promo1 is our smallest mobile project that effectively advertises the company and its products.

start PROMO1

Promo1 Start is a tested promotional tool that offers exceptional ease of adaptation. You can easily exchange graphics in it and reconfigure the booth so that it fulfills exactly the function you need. It is a marketing chameleon that stands out for its high functional qualities. Promo1 Start can be successfully used as a mobile sales point, tasting stand or exposition display which can be easily expanded and equipped with a range of accessories.

plus
PROMO1

All variants of our exhibition products are distinguished by mobility, ease of transport, exchangeable graphic panels and intuitive assembly without use of any tools. By choosing Promo1 Plus you are creating your own individual project, flexible to the limits with possible enrichment of electronic devices. Promo1 Plus is a modern solution that increases the effectiveness of marketing activities.

3 STEPS

Every configuration is available in the blink of an eye thanks to tool-free assembly and magnetic graphic panels.

01—

MOBILE AND EASILY TRANSPORTABLE

Promo 1 is a system of light, robust aluminium frames, which you can carry on a convenient trolley as well as in an estate car.

02—

INTUITIVE, TOOL-FREE ASSEMBLY

Promo 1 frames can be connected without any tools thanks to special connectors. You can equip the system with a range of accessories and easily expand it whenever needed.

03—

EXCHANGEABLE GRAPHIC PANELS

Thanks to exchangeable, magnetic graphic panels you can instantly transform your promotional point whenever it will be needed. Remember that only graphic panels require replacement.
